

Giving Back...Going Forth Vision

This project is about much more than debt elimination. It's about a vision...a vision of where we are and where we can be.

Parkhills has been built on the Word of God. In the Word we find the hope of the world. For forty-six years the teaching and preaching of the Word of God has been the defining characteristic of this church. That will not change. That is who we are and will always be. The vision of our church and this project is to take the Word of God to the community in which God has placed us.

We see children learning of God's love from His Word. We live in an area where schools can't be built fast enough. That's because there are so many children in our area. With all they learn in the excellent public and private schools in our area, we want them to learn that God loves them and has a plan for every one of them. By eliminating our debt we can enlarge our children's ministries to reach more children for Christ.

We see students discovering that God's Word is truth. Moral relativism prevails in our culture. So, it's no surprise when students don't know right from wrong. We want students to know that there is truth and that it is timeless. With the debt burden lifted, we can expand our student ministry and make it the place for students to connect with others in an environment where truth reigns. The student ministry has been and will continue to be a vital element of the life of Parkhills.

We see families being built on the foundation of God's Word. The primary reason people move to this area of northern Bexar County and southern Comal County is the quality of the schools. People know that a good education helps advance young lives. A question remains. Who helps families advance in a world where families are falling apart? Our future must be shaped to help families by applying the Word of God to everyday life. Again, with our debt dissolved, we can establish a ministry to families that does just that.

So, this project will address our debt but it's about much more. It's about our future...the future God has for us at Parkhills.
